

Almol Casings

At Almol, we have been wrapping sausages around the world since 1969. We employ state of the art processing equipment, IT systems, attention to detail, prompt resolution of problems, and our team of highly trained staff to ensure our clients receive the best product and service every time.

We marked our 40th anniversary with the opening of a new production facility and head office located in Matraville just 9km south of the Sydney CBD.

Natural Casings

Almol is HACCP certified, supplying to local and international markets. We employ state of the art testing and quality control systems to ensure consistent product delivery to our valued clients with customer service to match. Our offer Hog, Sheep & Beef casings & Bungs. Varieties include original, end selected and fully selected complimented by a wide variety of different packaging methods. We are members of both the Australian Natural Sausage Casings Association (ANSCA) and the International Natural Sausage Casings Association (INSCA).

Artificial Casings

Almol is also the exclusive distributor of Hukki Casings. Hukki is used in the production of dry sausage like smoked, airdried or salami with mould. The combination of textile tube and fine collagen film produces high strength and good elasticity. The permeable sausage casing cuts down the drying time. Watervapour and smoke permeate easily.
